2019：中国红基会坚实的脚步

Solid steps of Chinese Red Cross Foundation in 2019

中国红十字基金会理事长　郭长江

Mr. Guo Changjiang

President of the Chinese Red Cross Foundation

2019 年是新中国成立 70 周年、中国签署《日内瓦公约》70 周年，是中国红十字会成立 115 周年、红十字会与红新月会国际联合会成立 100 周年。这一年，是打赢 2020 年脱贫攻坚战的关键一年，是全面建成小康社会的攻坚之年。这一年，中国红十字会召开了第十一次全国会员代表大会，谋划部署今后五年中国红十字事业的目标任务和思路举措。

回顾过去的 2019 年，中国红基会能力建设和队伍建设不断加强，人道救助、人道服务等各项工作迈上新台阶，内部治理水平和公信力持续提升，取得了募捐筹资、公益产出和公开透明的三项突破。这一年，中国红基会再次以“双百”满分分别荣获 2019 中国最透明慈善公益基金会称号和 2019 中基透明指数 FTI“自律透明奖”，年度收入 7.61 亿元，公益支出 6.967 亿元，募捐筹资再创常态年份历史新高。

2019 年，我们救助贫困白血病、先心病患儿 8114 人，救助心梗患者、慢病管理患者、先心病、再障、唇颚裂等大病患者 120 万余人。我们启动了“罕见病关爱行动”、“地贫救助行动”。发挥 999 人道救助热线平台，

The year 2019 marked the 70th anniversary of the founding of the People's Republic of China, and also the 70th anniversary of the signing of the Geneva Conventions. Meanwhile, the year 2019 is the 115th anniversary of the establishment of Red Cross Society of China and the 100th anniversary of the founding of the International Federation of Red Cross and Red Crescent Societies. This year was a crucial year for winning the battle against poverty in 2020 and an essential year for building a moderately prosperous society in all respects. This year, the 11th general congress of the RCSC was held, on which the objectives, tasks and measures for China's Red Cross cause in the next five years were planned and deployed.

Looking back at 2019, the Chinese Red Cross Foundation (CRCF) had constantly strengthened Party building and team building work, taken new steps for humanitarian aids and humanitarian services, continuously improved the level of internal governance and social credibility, and achieved three breakthroughs in fund-raising, public welfare output and transparency. In this year, with the full mark -- "double hundred", the CRCF won again the honor of China's most transparent charity public welfare foundations and the "Self-discipline Transparency Award" in China Foundation Transparency Index (FTI) list in 2019, with the annual revenue of RMB 761 million and public welfare expenditure of RMB 696.7 million, hitting the highest record of fund-raising in the normal years.

In 2019, we have supported 8,114 poor children with leukemia or congenital heart disease, and funded more than 1.2 million myocardial infarction patients, chronic disease patients and other patients with serious illness such as congenital heart disease, aplastic anemia, cleft lip and palate, etc. We launched the "Rare Diseases Care Action" and the "Thalassemia Aid Action". Giving full play to 999 Humanitarian Aid Hotline, we explored the "Internet +" "Partner +" aid combination, and increasingly improved the system of medical assistance programs.

In 2019, the 2nd Crowd-funding Competition for Poverty Alleviation by the RCSC helped sell RMB 30 million worth of agricultural product, six times as much as the first competition. We planned and launched the "Charity Kitchen" program, and initiated and aided in the construction of 42 ICRs. The "Modou Charity Program" provided 7,031 "Modou Mamas" with entrepreneurship and employment trainings or skill trainings. The "Angel's Journey" Disaster Relief Actions provided 25,000 family relief package to 10 affected provinces.

In 2019, we newly initiated and aided in construction of 109 scenic Red Cross first aid stations, which achieved the full coverage of Red Cross First Aid Station in 5A scenic spots with the construction aid

我们探索“互联网 +”“伙伴 +”救助联合体，医疗救助项目体系日趋完善。

2019 年，我们承办的“第二届全国红十字系统众筹扶贫大赛”助销农产品 3000 万元，是首届大赛的 6 倍。我们策划推出了“公益厨房”项目，在“三区三州”深度贫困地区，立项援建博爱家园 42 个。“魔豆爱心工程”为 7031 名“魔豆妈妈”提供创就业培训或技能培训。“天使之旅”救灾行动向 10 个受灾省份援助赈济家庭箱 2.5 万余个。

2019 年，我们新立项援建景区红十字救护站 109 所，实现了有援建需求的 5A 级景区红十字救护站项目全覆盖。我们持续支持基本卫生服务，新立项援建博爱卫生院（站）60 所，培训乡村医生、“院士 +”西部儿科医师、基层医生、妇科医生等超过 8000 名。我们深入推进博爱校园行动，援建博爱学校、博爱校医室、未来教室、红十字书库等 233 个。中国红基会资助的全球首个红十字国际学院挂牌成立并开展国际国内培训。

2019 年，按照总会部署，国际援助工作有序开展。第四批援外医疗队入驻巴基斯坦瓜达尔港，累计接诊患者 5000 余人次。我们启动“一带一路”人道救助计划二期行动，救治阿富汗、蒙古国先心病患儿 109 名。我们援助的伊拉克、叙利亚移动医疗单元接诊 2000 余人次，向全球红十字红新月志愿者交付配赠“博爱单车”2975 辆。中国印尼博爱卫生院、红十字血站竣工。“免费午餐”和海外博爱家园在非洲实施，万名非洲儿童和当地民众受益。

中国红十字运动走过 115 年波澜跌宕的历程，正处在一个全新的历史方位。作为肩负崇高人道使命的红十字基金会，我们必须要始终明责明志，知重负重，以干事创业的激情和斗志，攻坚克难，锐意进取，牢牢把握住发展的主动权。

在人道服务供给方面，继续聚焦主责主业，关注生命健康领域的社会需求，围绕最易受损人群，进一步做实做细“红十字天使计划”，优化人道服务供给内涵，扩大有效供给，提高供给质量。继续做实做优项目，创新人道服务供给方式，打造具有红十字特色的供给侧结构。

在人道资源动员方面，要持续推动公益项目的规模化、品牌化升级，打造拳头产品，坚定筹资先筹人，优化客户关系管理，巩固和开发企业公益伙伴，

needs. We continued to support the basic health services, initiated and aided in the construction of 60 fraternity clinics and stations, and trained more than 8,000 rural doctors, Academician + Pediatricians in Western China, grass-roots doctors, gynecologists, etc. We further promoted the Fraternity School Action, and aided in the construction of 233 fraternity schools, fraternity school clinics, future classrooms, Red Cross libraries, etc. The world's first International Academy of Red Cross & Red Crescent funded by the CRCF was established and started to conduct international and domestic trainings.

In 2019, the international aid work was conducted in an orderly manner based on the deployment of the RCSC Headquarters. The 4th foreign aid medical team was sent to Gwadar Port, Pakistan, accumulatively treating more than 5,000 patients. The second phase of the Belt and Road Initiative humanitarian aid program was launched to aid and treat 109 children with congenital heart disease in Afghanistan and Mongolia. The mobile medical unit aided by the RCSC to Iraq and Syria treated more than 2,000 patients. And 2,975 fraternity bikes under the Volunteers on Wheels program were delivered to global Red Cross and Red Crescent volunteers. The Chinese-Indonesian fraternity medical and health hospital and the Red Cross blood station were completed. The "Free Lunch" Program and Overseas ICR projects were implemented in Africa, benefiting more than 10,000 African children and local residents.

The China's Red Cross movement has experienced 115 years of surging forward with great momentum and is now at a whole new historical juncture. As the Red Cross foundation with noble humanitarian mission, we must always specify our responsibilities and ambitions, know the heavy burden and bear it bravely, forge ahead to overcome difficulties with passion and fighting will, and firmly master the development initiative.

In terms of the supply of humanitarian services, we will continue to focus on the main businesses, pay attention to the social needs in the field of life and health, focus on the most vulnerable groups, and further implement the "Red Cross Angel Plan" to optimize the supply of humanitarian services, expand effective supply and improve the quality of supply. We will continue to carry out practical and high quality projects, innovate the ways of providing humanitarian services, and create the supply-side structure with the Red Cross characteristics.

In terms of humanitarian resource mobilization, we should continue to promote the scale and brand upgrading of public welfare projects to create blockbuster projects, insist on gather people first to raise funds, optimize customer relationship management, consolidate and develop corporate public welfare

发展小额捐赠人，涵养公益消费习惯。未来要参与整合、释放红十字全系统潜能，推动形成集团化资源动员矩阵。

我们还要进一步加强公信力建设，坚持公开透明。目前，全国共有7000 多家公益慈善组织，要提升我们自身的竞争力和影响力，不仅需要持之以恒地对公益项目进行深耕和创新，更要着力打造公开透明的红十字品牌，紧紧依靠社会公众的信任，动员和汇聚更多的人道资源。

在内部治理方面，要进一步推动规制化和风险管控，着力实现全域全流程规范化管理。提升理事会、员工、社会参与管道的畅通，提高创新创造活跃度，从依靠内部人力资源转向注重人才质量和综合人力要素支撑，加快治理效能提升，全面实施人力资本战略，努力打造治理能力现代化的基金会。

2020 年是全面建成小康社会和“十三五”规划收官之年，是落实中国红十字会第十一次全国会员代表大会精神的开局之年。走进新时代的中国红基会，依然要不忘初心，始终坚持全面深化改革，充分发挥筹资主渠道的优势，紧紧围绕人民群众日益增长的人道需求，着力优化人道资源供给，本着“精品化设计，精细化管理”的理念，做精做实人道救助和人道服务项目，持续加强内部治理和公信力建设，努力在人道惠民生方面有新作为，在共建共享人道公益中有新突破，持续保持全国 5A 级基金会的核心竞争力和行业引领力，为中国特色红十字事业持续健康发展作出应有的贡献。

partners, develop small donors, and cultivate the consumption habits for public welfares. In the future, we should integrate and release the potential of the whole Red Cross system, and promote the formation of a collectivized resource mobilization matrix.

We will further enhance social credibility building work and uphold openness and transparency principles. At present, there are more than 7,000 public welfare and charity organizations in China. To improve our competitiveness and influence, we need not only to continuously deepen and innovate the public welfare projects, but also to focus on building the openness and transparency of Red Cross brand, and mobilize and gather more humanitarian resources by closely relying on the social credibility.

In terms of internal governance, we should further promote regularization and risk control, and strive to realize the whole process standardized management for whole regions. We will improve the smoothness of the participating channels of the Board of Directors, employees and the society to increase the vitality of innovation and creation, shift from relying on internal human resources to focusing on the quality of talents and comprehensive human resources support, accelerate the improvement of governance efficiency to fully implement the human capital strategy, and strive to build a foundation with modern governance capacity.

The year 2020 marks the end of building a moderately prosperous society in all respects and the 13th Five-Year Plan, and also the beginning year of the implementation of the spirit of the 11th general congress of the Red Cross Society of China. The CRCF in the new era shall stay true to its mission, always adhere to the comprehensive deepening reform, give full play to the advantage of main financing channel, and closely center around the masses of the people's growing humanitarian needs to strive to optimize the human resource supply. In line with the concepts of "premiumising design, elaborating management", we will conduct practical humanitarian aids and humanitarian service projects, continue to strengthen internal management and social credibility construction, make a difference in humanitarianism and livelihood, make new breakthroughs in co-building and sharing humanitarian welfares, and continue to maintain the core competitiveness and industry leading power as the national 5A foundation, so as to make due contributions to the sustained and healthy development of the Red Cross cause with Chinese characteristics.

“心拯救，一包药”急性心肌梗死急救项目

Program of Acute Myocardial Infarction(AMI) First Aid Medicine Package

急性心梗救治的关键就是要尽早启动双抗治疗，最大限度地缩短早期救治时间。而在临床实践中，大部分急性心梗患者往往受限于传统启动双抗的流程（抵达医院后，需经过确诊、医生处方、付费、取药、再到服药，整个过程一般要 30 分钟左右），无法在发病后的第一时间服用双联抗血小板药物，从而延误治疗时机、严重影响急性心梗患者的救治。

因此，在阿斯利康中国的支持下，中国红十字基金会于 2015 年 4 月发起 " 心拯救 " 急性心肌梗死急救一包药公益捐赠项目（以下简称 " 急救一包药项目 "），通过全国具备急性心梗接诊和救治能力的医院 / 急救指挥中心，免费向急性心梗患者捐赠双联抗血小板药物（替格瑞洛 180mg+ 阿司匹林 300mg）。同时，针对急性心梗合并高脂血症（适应症）的患者，进行瑞舒伐他汀（20mg）捐赠。2018 年，项目荣获由国家民政部颁发的第十届“中华慈善奖”。

急救一包药项目的启动，真正做到把“患者等药”变成“药等患者”，使患者在第一时间服用药物，大大缩短宝贵的救治时间。

2019 年，项目新增受益患者 39 万人，截至 2019 年底，累计受益人数逾 240 万人，得到广泛的认同与赞誉。

The key to the treatment of acute myocardial infarction is to initiate dual antiplatelet therapy (DAPT) as early as possible to minimize the early treatment time. In clinical practice, most of the patients with acute myocardial infarction are often restricted to traditional process of initiation DAPT (after arriving at the hospital, the whole process of confirmation, doctor prescription, payment, getting and taking medicines generally needs 30 minutes). The patients are unable to take DAPT medicines immediately after the disease attack, thus having delayed the treatment time and seriously affected the treatment of patients with acute myocardial infarction.

Therefore, under the support of AstraZeneca China, in April 2015, the Chinese Red Cross Foundation launched the “Saving Heart” Program of Acute Myocardial Infarction (AMI) First Aid Medicine Package (hereinafter referred to as the “Medicine Package Program”), to donate dual antiplatelet medicine (ticagrelor 180mg + aspirin 300mg) to patients with acute myocardial infarction for free through hospitals/emergency command centers with the capacity to receive and treat acute myocardial infarction throughout the country. Meanwhile, rosuvastatin (20mg) was donated for patients with acute myocardial infarction with hyperlipidemia (adaptation disease). In 2018, it won the 10th China Charity Award issued by Ministry of Civil Affairs of the People's Republic of China.

The initiation of the Medicine Package Program has truly achieved the change from “patients waiting for medicine” into “medicine waiting for patients”, so that patients can take the medicine in the first time, which has greatly shorten the precious treatment time.

In 2019, the Program will add 390,000 new beneficiaries. And by the end of 2019, the Program will have more than 2.4 million of beneficiaries accumulatively, which has been widely recognized and praised.

More than 70 students from 11 countries attended the seminar.

During the seminar, the Soochow University Museum held a theme exhibition titled “After the Catastrophe: From the Nanjing Memory in 1937 to the Shelter of Civilization in 1949 -- Commemorating the 70th Anniversary of the Signing of the Geneva Conventions”. The exhibition was co-sponsored by the Memorial Hall of the Victims in Nanjing Massacre by Japanese Invaders, the IARC, and the Red Cross Society of China Jiangsu Branch and Nanjing Branch, and supported by the China Center for Research on Red Cross Movement and the Soochow University Museum. The exhibition was divided into four parts, namely “consensus on protecting civilization”, “a human nature’s bottom line: respect for life”, “humanitarian consciousness across national boundaries” and “links after the catastrophe”. On the occasion of the 70th anniversary of the Geneva Conventions’ signing, it is hoped that a communication bridge for the humanitarian cause can be built through such an exhibition, as only action is the creed of shielding life. Visitors wrote their thoughts and wishes on the paper boat folded by the volunteers, and personally put them on the “humanitarian water”, which means “when the temperature of humanity melt the ice of separation”.

深圳慈展会——同在同改变，红十字助力脱贫攻坚

China Charity Fair Held in Shenzhen—Stand Together and Change Together, Red Cross Helps Fight against Poverty

9 月 20 至 22 日，第七届中国公益慈善项目交流展示会(以下简称“慈展会”)在深圳会展中心举行。本届慈展会由民政部、国务院国资委、国务院扶贫办、全国工商联、中国红十字会总会、广东省政府、深圳市政府、中国慈善联合会等共同主办。这是慈展会举办 7 年来，中国红十字会首次成为主办单位之一。中国红十字会总会、中国红十字基金会以及十余个省市红十字会亮相本届慈展会现场，展示多年来红十字助力脱贫攻坚所做的工作、人道公益项目及成效，组织丰富的公益体验类活动，吸引参展观众的广泛关注。

在伊利集团和京东数科的赞助支持下，中国红十字会总会和中国红十字基金会分别在脱贫攻坚主题展馆和消费扶贫馆开设了专题展位。

在脱贫攻坚主题展馆，中国红十字会总会“博爱家园——力及边乏 · 康健中国”主题展，以人道足迹地图的形式展示了红十字助力脱贫攻坚的工作成效、代表人物事迹、典型脱贫案例、对口扶贫和

From September 20 to 22, the 7th China Charity Fair was held in Shenzhen Convention & Exhibition Center. The fair this year was co-sponsored by the Ministry of Civil Affairs, the State-owned Assets Supervision and Administration Commission of the State Council, the State Council Leading Group Office of Poverty Alleviation and Development, the All-China Federation of Industry and Commerce, the Red Cross Society of China, the People's Government of Guangdong Province, the People's Government of Shenzhen Municipality and the China Charity Alliance. It is the first time the RCSC has been one of the organizers of the fair in the past seven years. The RCSC, CRCF and more than 10 provincial and municipal Red Cross Societies showed up at the fair to demonstrate the work of the Red Cross in poverty alleviation over the years, as well as its humanitarian projects and achievements. A variety of charity experience activities were organized to attract extensive attention from the visitors.

Under the sponsorship of Yili Group and JD Digits, the RCSC and the CRCF set up special booths in the “poverty eradication” venue and the “consumption for poverty

东西部协作工作等，发挥红会作为党和政府在人道领域联系群众桥梁和纽带的重要作用。在国内脱贫方面，展示中国红十字会在生计脱贫、健康脱贫、教育脱贫、抗灾减贫等领域的工作；在全球减贫方面，展示中国红十字会在人道救助、人道援助与服务等领域的工作。展区还特别设置了观众互动区域，与会观众可以在中国红十字会展区的指定位置拍摄可以即时打印出来的人像照片，并订裱在中国红十字会脱贫攻坚成果地图上，在留下纪念的同时传递着一份公益慈善情怀。

中国红十字会总会、中国红十字基金会联合京东数科，在消费扶贫馆举办了“公益厨房”体验展，为参观者准备了一场独特的“盛宴”。“公益厨房”展示入围全国红十字系统第二届众筹扶贫大赛决赛的扶贫农产品，动员深圳本地的爱心餐馆用这些放心的食材烹制成美食，供参展观众品尝体验。在“公益厨房”里，参展观众可以品尝到咸鸭蛋粥、蜂蜜番薯棒、富硒杂粮挞等创意美食，以及多种水果、茶饮，所有食材都来自于红十字众筹扶贫大赛在“京东众筹”平台上线的扶贫农产品，感兴趣的还可以随时扫码购买美味菜品中贫困农户的农产品，以此推动更多的爱心人士选购老乡们的农产品，帮助他们脱贫致富，倡导“消费即扶贫，购买即慈善”的公益理念。

alleviation” venue.

In the “poverty eradication” venue, the RCSC took the theme of “ICR · Livelihood Protection: Reach the Border and Poor for a Healthy China. In the form of humanitarian footprint map, the RCSC displayed its work on poverty alleviation, stories of representative people, typical cases of poverty alleviation, pair-up poverty alleviation, and coordination between eastern and western regions, giving play to the important role of the Red Cross as a bridge and bond between the Party, the government and the people in the humanitarian field. In terms of domestic poverty alleviation, the work of the RCSC in poverty alleviation through family planning, health care, education, and disaster relief was displayed. Regarding global poverty reduction, the work in humanitarian relief, assistance and services was displayed. The venues also had a special interactive area for visitors. Visitors were able to take photos of portraits that can be printed in real time at designated locations in the exhibition area of the RCSC, which would be mounted on the map of the achievements of RCSC in its poverty alleviation efforts. While leaving a piece of memory, visitors could pass on their passion for charity.

The RCSC and the CRCF worked with the JD Digits to hold a “charity kitchen” experience exhibition in the “consumption for poverty alleviation” venue, providing a unique “feast” for visitors. The “charity kitchen” showcased the agricultural products that were selected as finalists in the Second Crowdfunding Poverty Alleviation Competition for the Red Cross system. Local charity restaurants in Shenzhen were encouraged to use these safe ingredients to cook food for the visitors to enjoy. In the “charity kitchen,” visitors were able to taste creative dishes such as salted duck egg porridge, honey potato sticks, selenium-rich grain tart, as well as a variety of fruits and tea. All the ingredients were from the poverty alleviation agricultural products launched by the Red Cross Crowdfunding Poverty Alleviation Competition on the “JD crowdfunding” platform. Those interested could also scan the QR code at any time to buy the product of poor farmers that made the delicious dishes. These efforts were made to encourage more people to buy agricultural products, lift poor farmers out of poverty, and advocate the charity philosophy of “to buy is to help”.

审计报告

Audit Report

审计报告

信会师报字 [2020] 第 ZB21567 号

中国红十字基金会理事会：

一、审计意见

我们审计了中国红十字基金会（以下简称贵会）财务报表，包括 2019 年 12 月 31 日的资产负债表，2019 年度的业务活动表、现金流量表以及相关财务报表附注。

我们认为，后附的财务报表在所有重大方面按照《民间非营利组织会计制度》的规定编制，公允反映了贵会 2019 年 12 月 31 日的财务状况以及 2019 年度的业务活动成果和现金流量。

二、形成审计意见的基础

我们按照中国注册会计师审计准则的规定执行了审计工作。审计报告的“注册会计师对财务报表审计的责任”部分进一步阐述了我们在这些准则下的责任。按照中国注册会计师职业道德守则，我们独立于贵会，并履行了职业道德方面的其他责任。我们相信，我们获取的审计证据是充分、适当的，为发表审计意见提供了基础。

三、理事会对财务报表的责任

中国红十字基金会理事会（以下简称理事会）负责按照《民间非营利组织会计制度》的规定编制财务报表，使其实现公允反映，并设计、执行和维护必要的内部控制，以使财务报表不存在由于舞弊或错误导致的重大错报。

在编制财务报表时，理事会负责评估中国红十字基金会的持续运营能力，披露与持续运营相关的事项，并运用持续运营假设，除非计划进行清算、终止运营或别无其他现实的选择。

理事会同时负责监督中国红十字基金会的财务报告过程。

四、注册会计师对财务报表审计的责任

我们的目标是对财务报表整体是否不存在由于舞弊或错误导致的重大错报获取合理保证，并出具包含审计意见的审计报告。合理保证是高水平的保证，但并不能保证按照审计准则执行的审计在某一重大错报存在时总能发现。错报可能由于舞弊或错误导致，如果合理预期错报单独或汇总起来可能影响财务报表使用者依据财务报表作出的经济决策，则通常认为错报是重大的。

在按照审计准则执行审计工作的过程中，我们运用职业判断，并保持职业怀疑。同时，我们也执行以下工作：

（1）识别和评估由于舞弊或错误导致的财务报表重大错报风险，设计和实施审计程序以应对这些风险，并获取充分、适当的审计证据，作为发表审计意见的基础。由于舞弊可能涉及串通、伪造、故意遗漏、虚假陈述或凌驾于内部控制之上，未能发现由于舞弊导致的重大错报的风险高于未能发现由于错误导致的重大错报的风险。

（2）了解与审计相关的内部控制，以设计恰当的审计程序，但目的并非对内部控制的有效性发表意见。

（3）评价管理层选用会计政策的恰当性和作出会计估计及相关披露的合理性。

（4）对管理层使用持续运营假设的恰当性得出结论。同时，根据获取的审计证据，就可能导致对中国红十字基金会持续运营能力产生重大疑虑的事项或情况是否存在重大不确定性得出结论。如果我们得出结论认为存在重大不确定性，审计准则要求我们在审计报告中提请报表使用者注意财务报表中的相关披露；如果披露不充分，我们应当发表非无保留意见。我们的结论基于截至审计报告日可获得的信息。然而，未来的事项或情况可能导致中国红十字基金会不能持续运营。

（5）评价财务报表的总体列报、结构和内容（包括披露），并评价财务报表是否公允反映相关交易和事项。

我们与治理层就计划的审计范围、时间安排和重大审计发现等事项进行沟通，包括沟通我们在审计中识别出的值得关注的内部控制缺陷。
